Observable Store

Store*

Store

```
export interface BasicState extends State {  
  post: Post | null;  
  posts: Post[];  
  author?: Author;  
  loading: boolean;  
}
```

1

```
export const INITIAL_STATE: BasicState = {  
  post: null,  
  posts: [],  
  loading: false  
};
```

2

```
export class BasicStore extends Store<BasicState> {  
  constructor() {  
    super(INITIAL_STATE);  
  }  
}
```

3

STORE API

1. value
2. get
3. set
4. patch
5. select
6. watch

A person with a red backpack is walking away from the camera on a narrow suspension bridge. The bridge is made of metal cables and a wooden plank floor, and it stretches across a deep, dense forest. The forest is lush with green trees and foliage. In the background, there are more mountains and hills, some of which are shrouded in a light mist or haze. The overall scene is a scenic view of a natural landscape.
